

**Changes Made to the 2010 edition of Mason's Manual
to Create the 2020 Edition**
(as of September 8, 2020)

During its revision process to create the 2020 edition, the *Mason's Manual* Commission:

- Changed the use of certain words throughout the manual for language consistency (for example, the word “question”).
- Added sections about remote participation.
- Rewrote the section about legislative privilege and immunity.
- Reorganized the section about enrolled bill rule versus journal entry rule.
- Added more internal “See also” cross references.
- Reviewed parliamentary manual citations and updated them as necessary.
- Reviewed case law from 2009 to 2019; updated the case citations as necessary.
- Updated the index.

Shown below are where changes to the 2010 edition were made by the Mason's Manual Commission during its revision work to write the 2020 edition.

Note: The chart may not include all corrections made by NCSL during its final editing process.
