

Strengthening Your Connection to the States

The NCSL Foundation for State Legislatures connects you to the nation's preeminent bipartisan organization dedicated to serving the lawmakers and staff of the nation's 50 states and territories.

Since 1975, the National Conference of State Legislatures has helped states remain strong and independent by giving them the tools, information and resources to craft solutions to difficult problems.

The NCSL Foundation for State Legislatures exists to enhance NCSL's services to all legislatures.

We are committed to the important work of strengthening America's legislatures, counteracting cynicism and distrust of the legislative process, and helping lawmakers confront and solve the critical issues of our time through a public-private dialogue.

Our work is made possible through the generous support of our sponsors. In return, we provide our sponsors with unique opportunities to engage with the state legislative process.

"As a state government affairs professional, the value I can leverage from the NCSL Foundation is unmatched in the industry."

Christine Csizmadia, Director, State Government Affairs & Advocacy, Nuclear Energy Institute

"Whether it's the resources they share, their incredible staff team or the networking opportunities they provide with legislative leaders and colleagues, sponsoring the Foundation each year is an easy decision to make."

David Christman, Vice President, State Affairs, National Beer Wholesalers Association
