Overview

The BIS provides access to the full text of legislation in the 50 states, the District of Columbia, Puerto Rico, Guam, the Virgin Islands and the U.S. Congress for the current session as well as past sessions.

You can search for legislation by bill number, term or phrase, topic, committee, sponsor and location. The BIS also provides session statistics from all 50 states, access to state directories, session calendars, election information and ballot measures.

As a NCSL member, you are granted exclusive access to this service along with all state legislators and legislative staff.

Logging into the BIS

1. First, log in using the Login button located on the top right corner of the home page at www.ncsl.org.

2. Once logged in with your NCSL credentials, click on the Resources link located in the top right, and under the Training heading, select 50-State and Territories Bill Information Service.

3. From the BIS Overview page, click on the link for Access the BIS.

Search Tips
For help searching, click on Search Tips below the red magnifying glass icon in the global search bar. A list of Boolean connectors for searching by term or phrase can be found here.

Additional instructions are available by opening the Help dropdown menu located in the black bar at the top right side of the homepage. State Net provides a number of help articles on Using State Net for more detailed instructions.
From any page in the BIS, click on the State Net logo at the top left of the page to return to the main search screen at any time.

**Search by Bill Number**

In the global search bar across the top of the page, click on the “using” dropdown so that Bill Number is selected. In the search box to the right, enter the postal abbreviation for the state and a single uppercase or lowercase letter to denote the chamber (with no spaces in between), followed by the bill number. Example: “nys200” for New York Senate Bill No. 200. To run your search, press enter (or click the red magnifying glass icon). For more information on bill number formatting, including how to search special sessions, executive orders or ballot measures visit this help page.

**Additional Advanced Search Options**

1. **Archived and Other Bill Types:** Click the Advanced Search link under the global search bar and select the option for Include archived records to search bills from previous sessions. Alternatively, select the option for Include all legislative types to search other bill types.
2. **Set Display/Output/Sort:** In the Advanced Search options, you can select various options to determine the scope of the information, output format, and sort order for your results. Outputs include HTML, plain text, Word, and spreadsheet.

To run the advanced search, enter your search criteria in the search box at the top, and press enter (or click the “Search” button at the bottom of the page).
Search by Author or Sponsor

To the right of the global search bar at the top of the main page, click Other Searches and select Bills by Author from the dropdown to search by legislators, committees or others.
Select the state, followed by, 1) the legislator or committee; 2) select the version or current disposition; 3) display and output formats from the available options. Once you’ve entered your search criteria, click Search at the bottom of the page to run the search.
Search by Term or Phrase

In the global search bar across the top of the main page, click on the “using” dropdown to select the option for Term or Phrase. In the search box to the right, enter the term or phrase (examples: insurance or automobile insurance). To run your search, press enter (or click the red magnifying glass icon).

Term or Phrase Boolean Operators & Connectors

A list of Boolean connectors for searching by term or phrase can be found by clicking Search Tips under the red magnifying glass icon. Additionally, there are examples of how to use connectors in the table below.

**Other Tips**

- When using **periods**, surround the letters in quotes:
  - Example: "08" or “T.A.N.F.”
- Use **parentheses** to separate concepts when using connectors:
  - Example: (security or data) SAME (breach or compromise$).

Found below the global search bar, the following options are available to narrow the focus of your term or phrase search:

1. **State Profile**: Click and select individual states, or a combination of states, D.C. and Congress.
2. **Date Range**: Click and select the search’s start date.
3. **Advanced Search**: Click and create, save and run searches, search archived legislation or other search options.
4. **Legislation Title/Summaries Only**: Check this box to limit your search to words in the title or bill summary.

**Search by Topic**

In the global search bar across the top of the main page, click on the “using” dropdown to select **Topic**. Additional topic search functions will appear to the right where you can browse or search the various topics. Topic searches are crafted by Lexis Nexis State Net and can be an alternative to crafting your own term search. You can also combine multiple sub topics or add a major topic to your search to collectively run all sub-topic searches.
Browsing Topics
Click **Browse** to browse or search the list of topics. Click on the magnifying glass icon to the right of each topic you want to include in your search. Click on the name of the topic to see additional sub-topics that can also be added to your search.

Topics you’ve selected to include in your search will show a gray check mark to the right of the topic (instead of the magnifying glass icon). To review your selected topics, in the **Actions** pane on the right, you’ll find a list of all of the selected topics below the search button. If you need to remove any from the search criteria, click on the gray “x” button.

To run your search, click the **Search** button in the **Actions** pane on the right.

Saving a Browsed Topic Search
You can also save your search profile by clicking on the **Save** tab in the **Actions** pane on the right. Enter a name and type of the profile and click **Save**.
To load this search again, select the search name from the Select a Profile dropdown in the global search bar when searching by topic.

Searching Topics
Type in a specific search term or phrase in the box to the right of the Browse link and press enter (or click the red magnifying glass icon) to run your search. In the search results, click on the down arrow to the right of the result to expand the list of relevant terms included in the topic search. The listed terms displayed will only be those relevant to your search term and are not comprehensive of all terms included in the State Net topic search.
Hover your mouse over this icon next to each keyword to see a definition of what each topic search encompasses. This definition describes what the algorithm powering each topic search includes. This icon can be found by browsing or searching topics.

The following options are available to narrow the focus of your search:

1. **State Profile**: Click and select individual states, or a combination or states, D.C. and Congress.
2. **Search Type**: Click and select specific search types or dispositions.
3. **Date Range**: Click and select the search’s start date.
4. **Advanced Search**: Click and create, save and run searches, archives legislation or other options.
