# **ALL IN:** **The Federal Strategic Plan to Prevent and End Homelessness**

**DECEMBER 2022**

## *All In: Vision For the Future*

This plan is built upon our vision of a nation in which **no one** experiences the tragedy and indignity of homelessness, and **everyone** has a safe, stable, accessible, and affordable home.

**GOAL:** Reduce homelessness 25% by 2025

# Key Populations and Geographic Areas

This plan recognizes that the needs of people experiencing homelessness vary based on factors like age, location, disability, race and ethnicity; and it acknowledges that tailored guidance will be needed for key populations and geographic areas. This plan includes:

Racial/Ethnic Groups	Marginalized Groups	Subpopulations	Geographic Areas
American Indians and Alaska Natives	Child welfare-involved families and youth	Children (younger than 12)	Remote
Asian/Asian Americans	Immigrants, refugees, and asylees	Youth (age 12-17)	Rural
Black/African Americans	LGBTQI+ people	Young adults (age 18-25)	Suburban
Hispanics/Latinos	People with chronic health conditions and cooccurring disorders	Families with minor children	Territory
Multiracial people	People with current or past criminal justice system involvement	Older adults (age 55 and older)	Tribal land/ Reservation
Native Hawaiians and Pacific Islanders	People with disabilities	Single adults (age 25 to 55)	Urban
	People with HIV	Veterans	
	People with mental health conditions		
	People with substance use disorders		
	Pregnant and parenting youth		
	Survivors of domestic violence, stalking, sexual assault, and human trafficking		

# Foundation Pillars

Lead With Equity	Use Data and Evidence	Collaborate at All Levels
Pursue equitable outcomes	Increase federal government capacity	Promote collaborative leadership
Promote inclusive decision-making	Increase local and state capacity	Improve information sharing
Authentic collaboration	Create opportunity for innovation	
Increase access to American Indian/Alaskan Native	Build research and evidence base	
Change policies and practices		

# Solutions Pillars

Scale Up Housing and Supports	Improved Homelessness Response	Prevent Homelessness
Maximize federal housing assistance	Government wide effort on unsheltered homelessness	Increase access to employment, education, mainstream opportunity
Increase supply of affordable housing	Improve coordinated entry	Reduce housing instability for those existing institutions
Increase supply of Permanent Supportive Housing (PSH)	Increase availability of low-barrier shelter	Reduce housing instability for older adults and people with disabilities
Improve effectiveness of Rapid Re-Housing (RRH)	Improve coordination with public health and disaster management	Reduce housing instability for transitioning service members
Support enforcement of Fair Housing	Expand use of housing problem-solving	Reduce housing instability for American Indian/Alaskan Native
Better serve needs of people with disabilities	Remove/reduce programmatic barriers	Reduce housing instability for youth and young adults
Expand availability of voluntary and trauma-informed supports		Reduce housing instability for survivors

# How USICH Will Implement *All In*

- Develop **implementation plans** with specific actions, milestones, and metrics
- **Partner with and solicit feedback** from people who have experienced homelessness and other stakeholders
- Publish **annual performance management plan**
- **Update plan annually** to reflect evolving metrics, input, and lessons

# How USICH Will Measure Progress

- Overall size of homeless population
- People (including subpopulations) experiencing **sheltered and unsheltered** homelessness
- **Racial disparities** in homelessness
- **Children and youth** experiencing homelessness during school year
- **Length of time** of homeless
- **Returns to homelessness** within 6 to 12 months and within 2 years
- People who become **homeless for the first time**
- Placement in and retention of **housing from street outreach**

# How *All In* Can Be Used Locally

- Develop **local and systems-level plans**
- Set **state and local goals** to reduce homelessness by 2025
- **Educate** partners on the causes of homelessness, challenges, and opportunities
- Hold the federal government **accountable**
- **Learn** about federal programs, existing federal actions, and new federal strategies

# Key Considerations for Local & State Implementation: State Interagency Councils

- Every state and territory has been encouraged by USICH to establish, by Governor's Executive Order or legislative authority, a State Interagency Council on Homelessness with representation at the cabinet level from the mainstream income support, health care, behavioral health, human services, veterans, housing, corrections, transportation, education, and labor departments and agencies.
- Develop structures to support the operations of the council, such as sub-groups focused on strengthening policies or interagency working groups that dive into specific populations or tasks.
- Ensure that all meetings provide for decision points that allow members to discuss and vote to adopt actions and strategies.

# Key Considerations for Local & State Implementation: State Interagency Councils

- Use data to drive action. If data indicates that something isn't working, pivot quickly and make needed adjustments.
- Create shared, concrete targets, performance measures, and milestones to monitor the progress of goals and activities. For example:
  - Reduce the number of families experiencing homelessness by x% in the next year;
  - Create a target number of new units of supportive housing;
  - Use Medicaid waivers as an opportunity to innovate;
  - Coordinate funding processes; and/or
  - Track how new money is spent and the desired outcomes.

# Key Considerations for Local & State Implementation

- Set **state and local goals** to reduce homelessness by 2025
- Develop **local and systems-level plans**
- Develop or strengthen **state interagency council on homelessness**
- Examine **state fair housing laws to prevent discrimination** against persons with vouchers/rental subsidies
- Establish **homeless priority in state Qualified Allocation Plan (QAP)** used for Low-Income Housing Tax Credit (LIHTC) administered by state housing finance agencies

# Key Considerations for Local & State Implementation

- Mandate or encourage state health agencies to pursue Medicaid waiver flexibilities to address housing and supports for persons experiencing homelessness
- Extend age limit for youth in foster care and/or all re-entry for services
- Allocate funds to **state housing trust funds** which can increase supply of affordable housing for low- and extremely low-income households.
- **Educate and learn from partners** on the causes of homelessness, challenges and opportunities
- **Learn about federal programs**, existing federal actions and new federal strategies
