

MANAGEMENT PERFORMANCEHUB

Indiana's Data-focused Workforce

Josh Martin, Indiana Chief Data Officer

MPH Mission

MPH provides analytics solutions tailored to address complex management and policy questions enabling **improved outcomes for Hoosiers.**

We empower our partners to leverage data in innovative ways, facilitating **data-driven decision making** and **data-informed policy making.**

MANAGEMENT
PERFORMANCE**HUB**

An aerial view of a city, likely Indianapolis, with a network of white lines and nodes overlaid on a blue-tinted background. The network consists of several circular nodes connected by thin white lines, creating a web-like structure across the cityscape. The nodes are of varying sizes and are positioned at various points across the image, suggesting a complex network or data flow. The overall aesthetic is modern and technological.

About Indiana MPH

MPH does not house any direct constituent services; it's an agent of its state agency partners.

MPH serves state agencies and external partners and adds value by unlocking data, connecting and analyzing across disparate systems, and sharing with agencies and external partners.
