Task Force on Artificial Intelligence, Cybersecurity, and Privacy
Federal Update

Susan Frederick, Sr. Federal Affairs Counsel
January 12, Las Vegas, Nevada
Topics Covered Today

• Executive Order 14110 – Executive Order on Safe, Secure, and Trustworthy Artificial Intelligence

• Bipartisan Framework for U.S. Act

• No Section 230 Immunity For AI Act
E.O. 14110

- Applies to Executive Branch federal agencies
- Covers 8 policy areas
- Messaging U.S. Leadership
- Discourages general bans on AI→FedRAMP prioritization
- Recognizes AI is linked with privacy and cybersecurity
- OMB guidance sets standard of care
- Builds on AI Bill of Rights and NIST AI Risk Management Framework

“a machine-based system that can, for a given set of human-defined objectives, make predictions, recommendations or decisions influencing real or virtual environments.”
More Considerations:

**Appropriations**
- Needed for implementation
- Can Feds appropriate enough?
- Resources?

**Defense Production Act Use**
- Controversial
- Judicial challenge?
- Congressional Action?
8 Policy Areas Covered in EO

• Safety and Security
• Innovation and Competition
• Worker Support
• Awareness of AI Bias and Civil Rights
• Consumer Protection
• Privacy
• Federal Use of AI
• International Leadership
Agencies Receiving Public Input

**Commerce**
- Dual use foundation models
- Watermarking & content authentication

**HHS**
- Plan for states & localities using AI to administer public benefits
- Notice of AI use to public

**Labor**
- RFI to identify AI occupations where more qualified U.S. workers are needed.

**OMB**

**State**
- Rulemaking on allowing more foreign workers and students.
Agency Reports to the Public

Treasury

• Best practices for financial institutions to manage AI

Energy

• AI potential to improve the electric grid infrastructure and provide clean electric power

President’s Council

• Role of AI in research aimed at tackling global and social challenges.
Agency Reports to the President

Attorney General
• Use of AI in criminal justice system

Labor
• Worker displacement caused by AI

DHS
• Priority actions to mitigate risks to critical infrastructure
Bipartisan Framework for U.S. Act (Blumenthal/Hawley)

**Licensing Regime**
Companies developing AI must register with independent oversight body

**Legal Accountability**
Section 230 doesn’t apply.
Private right of action
Oversight body action

**National Security**
Congress must limit transfer of AI models to adversary nations such as Russia & China

**Promote Transparency**
Notice to users of AI
Disclosure of essential info about AI models
Watermarks required

**Protect Consumers and Kids**
Consumers have control over how personal data is used
Strict guidelines for kids.
No Section 230 Immunity For AI Act (Blumenthal/Hawley)

• “Nothing in this section (other than subsection (c)(2)(A)) shall be construed to impair or limit any claim in a civil action or charge in a criminal prosecution brought under Federal or State law against the provider of an interactive computer service if the conduct underlying the claim or charge involves the use or provision of generative artificial intelligence by the interactive computer service.”
