THURSDAY, JAN. 17, 2019	
5:30-7 p.m. Parish Hall, 10 th Floor	Reception with the NCSL Executive Committee
FRIDAY, JAN. 18, 2019	
7:30-8:30 a.m. Parish Hall, 10 th Floor	Breakfast with the NCSL Executive Committee
8:30-8:45 a.m. LaFourche, 9 th Floor	Welcome and Introductions <ul style="list-style-type: none"> Senator Thomas C. Alexander, South Carolina Assemblymember Jacqui V. Irwin, California
8:45-9:30 a.m. LaFourche, 9 th Floor	Cyber Liability Insurance Technology and security are not the only variables in determining the integrity of information systems. How software is made and employed, the process of testing for vulnerabilities, and the deployment of connected agreements will be the future of the security wars—and the growth of liability insurance will depend upon the success of the new deployment. This session will explore the link between security, process and insurance, as well as the nature of state cyber laws. Moderator: <ul style="list-style-type: none"> Senator Thomas C. Alexander, South Carolina Speakers: <ul style="list-style-type: none"> Erin Collins, Assistant Vice President, State Affairs, NAMIC, Indiana Thomas Travis, Director, Louisiana Property and Casualty Insurance Commission, Dept of Insurance, Louisiana

9:30-9:45 a.m.	Break
9:45-10:45 a.m. LaFourche, 9 th Floor	<p>Louisiana’s IT Consolidation: Improving Cybersecurity</p> <p>Louisiana began upgrading its computer systems and consolidating its information technology efforts under the executive branch in 2014. Since then, the state has saved millions of dollars, and officials say that it’s well positioned to protect information from security threats. Learn about the consolidation and cybersecurity efforts underway.</p> <p>Moderator:</p> <ul style="list-style-type: none"> • Representative Barry Ivey, Louisiana <p>Speakers:</p> <ul style="list-style-type: none"> • Dustin Glover, State Chief Information Security Officer, Louisiana • Doug Robinson, Executive Director, NASCIO
10:45-11:30 a.m. LaFourche, 9 th Floor	<p>Securing Connected Devices</p> <p>California’s new Internet of Things (IoT) law mandates reasonable security features on IoT devices sold in California, in an aim to prevent future botnet attacks and minimize known vulnerabilities in our smart homes and cities. Hear from the law’s sponsor about the law and how she worked with industry and others to find common ground.</p> <p>Moderator:</p> <ul style="list-style-type: none"> • Assemblymember Jacqui V. Irwin, California <p>Speakers:</p> <ul style="list-style-type: none"> • Assemblymember Jacqui V. Irwin, California • Leah Mallon Popoff, Director, Policy and Government Relations, VMWare, California
