South Atlantic Division

The Impact of Graduate Medical Education

Physician Shortage

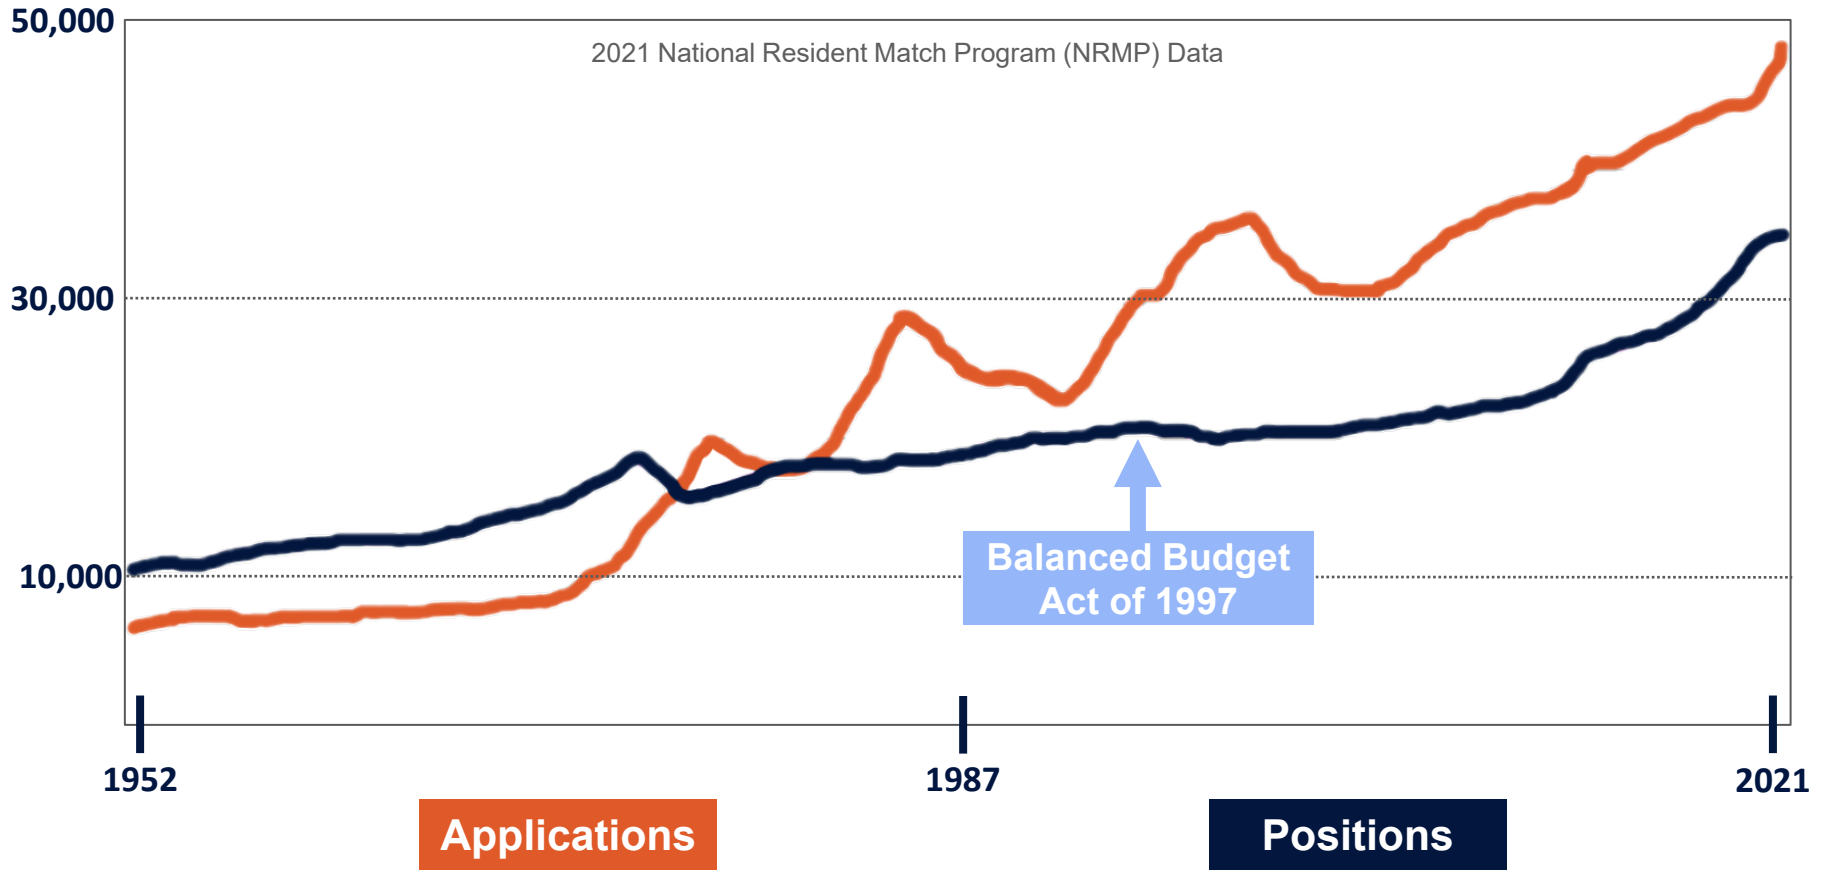

Healthcare Demand

Population growth and aging demographic drive demand

Physician Supply

2 of 5 physicians will be 65 or older within the next decade

Unmatched Resident Applicants

U.S. medical school graduation numbers have steadily increased over the years to match healthcare demand

Residency positions available have not kept up with demand leading to a large gap in positions versus applicants

Our HCA GME Mission

Recruit

quality medical students

Train

quality residents/fellows

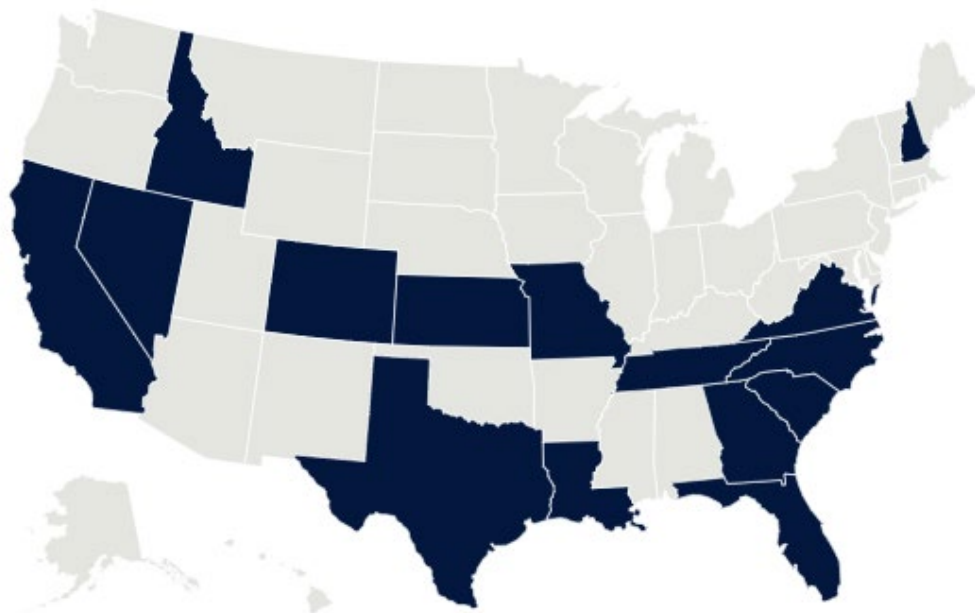

Retain

quality physicians
